Part One: Setting Goals

Edit with WPS Office

Identify Key Business Objectives

Key Business Objective: A defined goal or outcome used to plan the desired direction of your company.
Write at least 3 but no more than 5 business objectives that support your business model. Each objective should be SMART.

- | | |
|---|---|
| 1 | <i>Increasing companies revenue</i> |
| 2 | <i>Increasing social media users of the company</i> |
| 3 | <i>Increasing sales</i> |
| 4 | |
| 5 | |

Identify Key Performance Indicators

Key Performance Indicator (KPI): A quantifiable metric used to determine how effectively your key business objectives are being met. Ensure that the specific metric is clearly identified.	
1	<i>Increasing companies revenue by 20% in 2023 as compare to 2022</i>
2	<i>Increasing companies social media users by 1 million in the months of january and february</i>
3	<i>increasing sales by 25% in 2023</i>
4

Part Two: A/B Testing Proposal

A/B Testing Proposal: KPI, Variable, and Hypothesis

KPI used as the basis for an A/B Test:

Increasing companies social media users

Identify a variable that will have an impact on the KPI and metric

Running a social message in our social media platforms to attract more users and increase page views.

Determine a hypothesis for your A/B Test. Your hypothesis should include the variable you are testing and your predicted outcome.

New users will be attracted to site and also look into our products and services.

A/B Testing Proposal: Testing Process

Describe the steps you would take to perform the A/B test.

Step 1) create a social message post

Step 2) upload it on our every social media plat form

Step 3) boost the post

Step 4) wait for the results

Insert a general description of the steps you would take to perform the A/B test.

Step 1) creat two different posts one which include social message and other general post about our product

Step 2) upload both posts

Step 3) boost both posts

Step 4) wait for the results

Describe how you would determine the results of the A/B test.

The results of the test should be positive as expected. The post should attract at least 1k new users/followers.

Part Three: Data Exploration

Edit with WPS Office

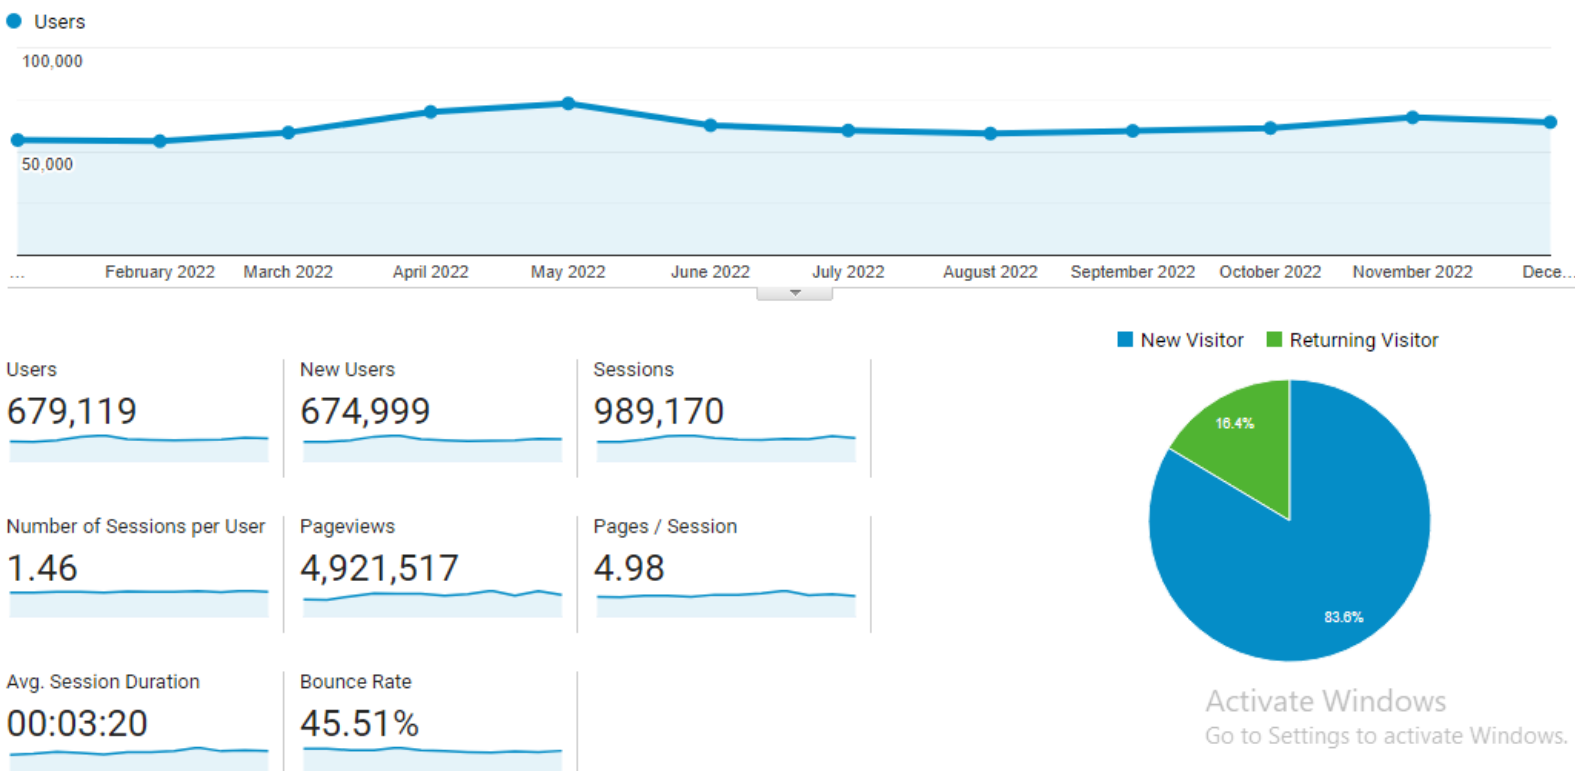

Standard Display - Audience

From the Audience Overview Report, select a twelve month time period you would like to explore.

Ensure that the following are visible in the screenshot:

- Timeframe
- Segment
- Metric
- Axis values

Edit with WPS Office

Standard Display - Audience

Which month had the most visitors, and which month had the fewest visitors to your site?

May had the most visitors and february had the fewest visitors.

Do you have any ideas why certain trends are associated with these specific months?

No

Insert your notes about the screenshot on the previous page here.

Edit with WPS Office

Percentage Display: Audience

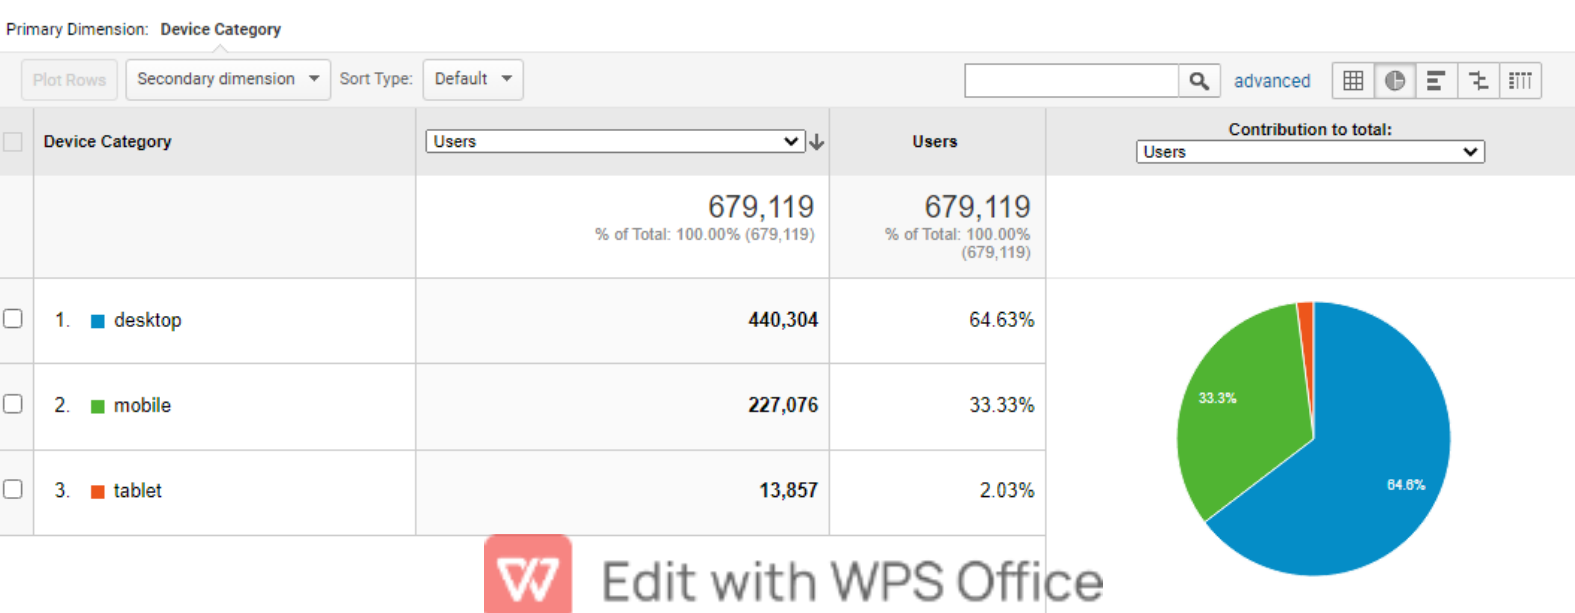

Please go into the Audience → Mobile → Overview report for the following:

For the twelve month period you've chosen, provide a screenshot showing percentage charts (pie charts) of All Users that came from mobile, desktop, and tablet devices and the percentage of Paid Traffic Users came from mobile, desktop, and tablet devices.

Ensure that the following are visible in the screenshot:

- Device Category
- Total number of All Users and Paid Users
- Two pie charts showing % breakdown by device

Note that the time frame selected does not need to be visible in the screenshot, but will be reflected by the number of users.

Standard Display: Acquisition

For this section, if you are using your own business's Google Analytics data but do not have eCommerce capabilities established, please use the Google Analytics demo data provided from the Google Merchandise store.

Take a screenshot that shows the bounce rate of the different acquisition channels over a 12 month period.

Ensure that the following are visible in the screenshot:

- Channel
- Users
- Bounce Rate

Note that the time frame selected does not need to be visible in the screenshot, but will be reflected by the number of users.

<input type="checkbox"/>	Default Channel Grouping	Acquisition			Behavior			Conversions	eCommerce ▾
		Users ? ↓	New Users ?	Sessions ?	Bounce Rate ?	Pages / Session ?	Avg. Session Duration ?	Ecommerce Conversion Rate ?	Transactions ?

<input type="checkbox"/>	7. Organic Search	3 (0.00%)	3 (0.00%)	3 (0.00%)	33.33%	2.33	00:00:03	0.00%	0 (0.00%)

Standard Display: Acquisition

During the twelve month period you've selected, excluding *Direct* and (*Other*), which channels had the highest and lowest bounce rates and the highest and lowest eCommerce conversion rates?

over the period of twelve months display channel had the highest bounce rate and referral had the lowest.

Direct channel had the highest ecommerce conversion rate referral and organic search had the lowest.

What do these metrics mean, based on your experience?

These metics helps us to analyse the customers data and improve the sites which are weak.

Insert your notes about the screenshot on the previous page here.

Percentage Display: Conversion

During the twelve month period you've selected, provide a screenshot that shows the Product Category that contributed the highest number of unique purchases for New Users and the Product Category that was responsible for the largest percentage of revenue for New Users? (Screenshot(s) only; no annotation required.)

Ensure that the following are visible in the screenshot:

- New User segment
- Product Categories
- Unique Purchases
- Revenue

Product List Name ?	Product List Views ?	Product List Clicks ?	Product List CTR ?	Product Adds To Cart ?	Product Checkouts ?	Unique Purchases ?	Product Revenue ?
	154 % of Total: 100.00% (154)	373,449 % of Total: 100.00% (373,449)	242,499.35% Avg for View: 242,499.35% (0.00%)	2 % of Total: 100.00% (2)	1,303 % of Total: 100.00% (1,303)	74,043 % of Total: 100.00% (74,043)	\$2,662,672.89 % of Total: 100.00% (\$2,662,672.89)

WPS Office

Activate Windows
Go to Settings to activate Windows.

Show rows: 10 Go to: 1 1 - 10 of 81

Comparison Display: Behavior

For traffic from All Users between the start and end of your twelve month period, please provide a comparison report showing Site Speed Page timings for the top ten pages (based on pageviews).

Ensure that the following are visible in the screenshot:

- Top 10 Pages
- Pageviews
- Average page load time

Note that the time frame selected does not need to be visible in the screenshot, but will be reflected by the number of pageviews.

Comparison Display: Behavior

Based on the screenshot, Identify any trouble spots related to speed page timings.

Insert your notes about the screenshot on the previous page here.

Part Four: Segmentation

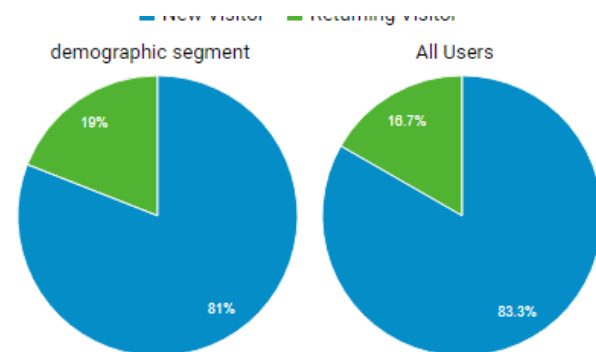

Audience Segment: Demographics

Insert the screenshot of a view (such as the Audience Overview) that includes both your Audience Demographic segment as well as “All Users.” Write down or include a screenshot of the values used to create the segment.

Users demographic segment 97	New Users demographic segment 85	Sessions demographic segment 109
All Users 674,613	All Users 675,363	All Users 989,170
Number of Sessions per User demographic segment 1.12	Pageviews demographic segment 358	Pages / Session demographic segment 3.28
All Users 1.47	All Users 4,925,249	All Users 4.98
Avg. Session Duration demographic segment 00:02:10	Bounce Rate demographic segment 36.70%	
All Users 00:02:20	All Users 45.52%

Edit with WPS Office

Audience Segment: Technology

Insert the screenshot of a view (such as the Audience Overview) that includes both your Technology segment as well as “All Users.” Write down or include a screenshot of the values used to create the segment.

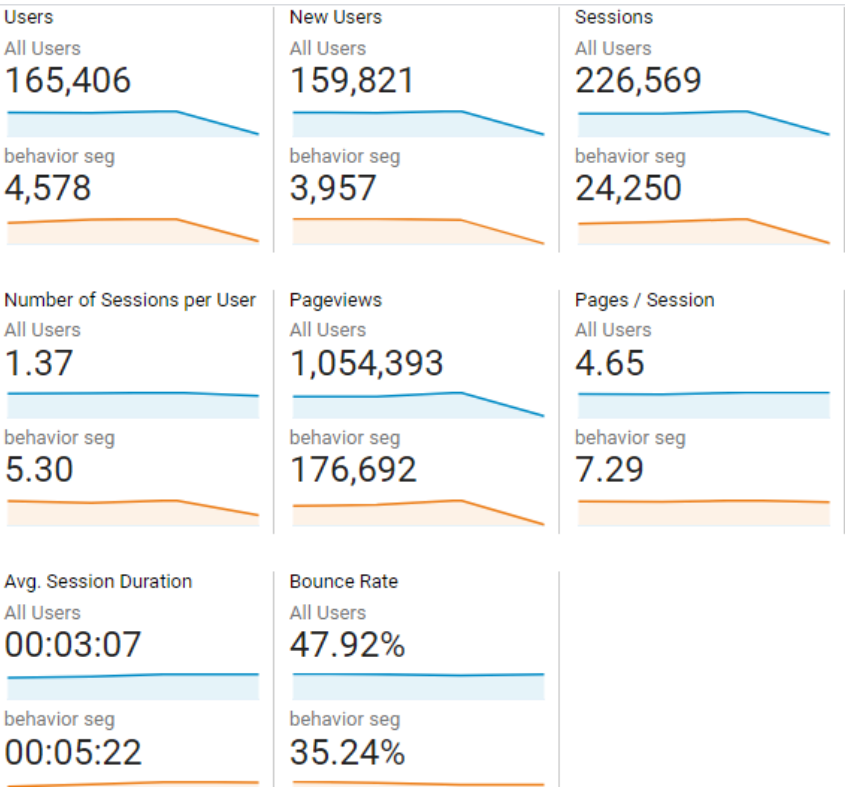

Activate Windows
Go to Settings to activate Windows.

Audience Segment: User Behavior

Insert the screenshot of a view (such as the Audience Overview) that includes both your user behavior segment as well as “All Users.” Write down or include a screenshot of the values used to create the segment.

Activate Windows
Go to Settings to activate Windows.

Part Five: Analysis and Suggestions

Analysis and Suggestions: Business Sales Growth

Analyze your existing marketing campaigns to grow your business. In order to complete this section using your own data, you must have the required data (Campaign, Cost, Revenue, ROAS) for a minimum of two campaigns. If you do not have at least two campaigns or are missing some of the necessary data, you can use the [2021 GSMM Solar YouTube Ad Sales Funnel Campaigns Pitch Deck](#) to answer this question. You are also welcome to add additional data beyond what is specified.

How will people know that you?

- 1) Have the best price
- 2) Have the highest quality solar panels
- 3) Have a localized customer approach

Intercon a well known marketing company have run a YouTube campaign for a solar company that campaign generated estimated \$25,000 in revenue by investing only 34,00 in YouTube Ads and they were able to generate ROAS return on ad spend 7x.

Analysis and Suggestions: Business Sales Growth

Based on the data and other information provided, how might the campaigns be realigned and improved to potentially achieve a 20% YOY sales growth? You can assume that the c\data will remain consistent over the projected time frame. Please reference specific data to support your answer like metrics and campaigns.

Include your response here. You may also include screenshots if desired.

Analysis and Suggestions: eCommerce

Now you will evaluate the current state of eCommerce for your business and how it might be improved.

Looking at your website pages or the Google Merchandise store website and current eCommerce experience, identify one change to the eCommerce UX and one additional eCommerce option you would recommend implementing.

Example: One way to improve eCommerce capabilities would be to add the option of a digital wallet with the option to securely store and manage cards that have been used for payment, along with the option of using PayPal or ApplePay.

UX change:

If a new users visit a ecommerce store the website give the sign in option in the beginning many users exit the page at that time. The sign in option should be at the check out time after the customer spend some time in the store.

Other eCommerce change or addition: *Many stores give irrelevant options when a customer is surfing like some one from x place bought this item that should be change.*

Analysis and Suggestions: Technology

Now you will look at your existing technology stack and make recommendations for the future. This should include at least two additional technologies that are not currently utilized, one of which is a new emerging technology.

If using your own business, provide both the existing technology stack and the recommended update which.

If you are not using your own business or do not currently have a technology stack, you can use the [GSMM 2021 Marketing Technology and Channels Spreadsheet](#) to answer this question or as a template to create your own.
